

Summary

Consolidated Questions and Answers with regards to the Baseline Survey

| ASKED QUESTIONS | ANSWERS |
|--|---|
| Request of ToR for the Baseline Survey. | The TOR can be downloaded at our website: www.esap2.org.et |
| In the TOR, the budget part says worth up to 30,000 USD (incl. tax) for the whole assignment. What does it mean? | The 30,000 USD is the maximum budget allocated for the assignment. Applicants shall include all their expenses including taxes within the maximum budget. |
| Is it possible to work on different Woredas with the preference of the firm or ESAP2 will assign the woredas? | The baseline survey data should be collected from ESAP2 treatment Woredas. Please find the list of operational Woredas from the link: www.esap2.org.et and click on Baseline Survey. |
| What would be the sample size, number of Woredas and Keble's to be surveyed? | The baseline survey sample size should be proposed by the applicants. The list of operational Woredas can be found from the link: www.esap2.org.et and click on Baseline Survey. The applicants shall take representative samples from all the Regions, and then cluster by Zone, and select representative Woredas. Samples can be taken from the Kebeles. |
| Can we get a copy of the questionnaire by email? | The Baseline Survey questionnaire has been developed by the Management Agency and it will be shared with the selected consulting firm. |
| Is it not too short to complete the survey in 42 calendar days? | The maximum duration of the task will be 6 weeks (equivalent to 42 days) and it is non-negotiable. |
| Is there flexibility in the budget? | 30,000 USD is the maximum budget allocated for the assignment. |
