

# Tigray Youth Association

*“To see Tigray with productive, responsive, healthy, self-confident; and capacitated youth generation.”*

Tigray Youth Association’s (TYA) main objectives are to protect and promote the social and economic rights of the youth through participatory youth development programs by playing a vanguard role for up-keeping the economic and social wellbeing of the youth community.

TYA and its partners Tigray Farmers Association (TFA) and Tigray Fighters Self-help Association (TFSHA) will implement Social Accountability projects for the next two years that will contribute to the empowerment of the community to access quality and equitable basic service delivery.

With a grant of \$299,268.06 projects are implemented in 5 woredas in the Tigray region (Tahtay Maichew, Medeby Zana, Seharti Samre, Merib Leke, Kolla Temben). TYA and TFA focuses on Agriculture, Education and Health projects while TFSHA concentrates on the target sector of Rural Roads.

The Social Accountability tools of Community Score Card and Participatory Planning and Budgeting are used to raise awareness for communities to demand improved service delivery and to increase the participation in planning, implementing, monitoring and evaluating the service delivery.

TYA and its partner organizations will organize sensitization workshops, interface meetings and capacity building trainings that will result in improvement of transparency responsiveness and accountability and increased knowledge and participation of communities to demand their rights.

TYA was established in 1990 to improve the wellbeing of youths in the region through participatory youth development initiative programs. The organization established five youth centers and currently has more than 405.000 members.
