

WATER ESAP2

RESULTS, KEY FINDINGS AND JOINT ACTIONS SOCIAL ACCOUNTABILITY

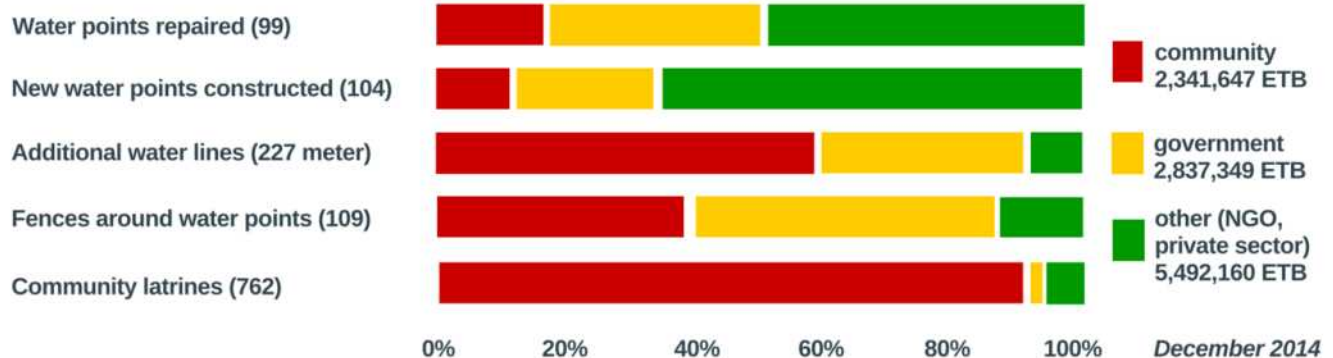

KEY PERFORMANCE ISSUES:

-  Prolonged breakdowns – unknown to Woreda
-  Dysfunctional rural water management committees, no fee collection
-  Low access to water professionals
-  Private sector suppliers may benefit from the status quo
-  New water points beyond Woreda means: higher authorities have resources

JOINT ACTIONS:

-  Repairs, additional outlets, new schemes, functional energy supply, fencing, chlorination
-  Revive / establish new management committees + fee collection system
-  Technical training for water committees
-  Transparency + tackling malfeasance
-  Higher authorities at interface meeting; mobilising NGOs
